# EXODUS FROM CANTON

(From Our Own Correspondent)

Canton, August 20. For the first time since the Communist troops crossed the Yangtse River, Nationalist Forces were able to halt their advance and even drove them back in a widely scattered front from North Hunan to far away Kansu province.

Communist troops under Generals Pang Teh-huai and Nieh Yung-chen drove almost within sight of Lanchow on August 18 when Nationalist planes suddenly loomed overhead at noon and attacked the invaders, who suffered heavy casualties. The Communist column advancing from the South at Lintao was also attacked and forced back 10 miles.

# Explosions Cause Train Derailment

Canton, August 20 Two sharp explosions caused the derailment of a Northbound passenger train for Hengyang at Shakow, 186 kilometres North of Canton at 11 p.m. yesterday. The locomotive struck two land mines and jumped the track, result ing in several minor easual ties among passengers and crew members.

A spokesman of the Canton-Hankow Railway said train serfor Shaokwan (Kukong) and Hengyang, the terminus in Hunan, was suspended today pending repairs which may be effected this afternoon. He be-Heved the land mines were laid by bandlis having connection with

the local Communists. No one was killed owing to the slow speed of the train at that; point, added the railway official, saying two coaches left the rails but did not turn over.

The military authorities sus-

pected that the dynamite was intended to blow up troop trains, as large numbers of soldiers were sent North to Kukung, Lohchang, Pingshek and Nanhsiung via the Canton-Hankow Railway for the detence of North Kwangtung. This is second derailment in five days. The earlier was on

August 15 when two persons were killed and seven injured at a derailment between Yingtak and Hotou South of Shakow, scene of last night's ageident. The first derailment was due to removal tion of the Nationalists. of nails and fishplates on the rails apparently for the same motive.

Railway authorities are taking special precoutions against sabotage hereafter, although the transport of troops will be concluded very shortly.

After the Faselsts had dined at the barracks on the night of December 18 - just 10 days after Banks had been captured - and in the presence of a score of militiamen and two Italian officers, Captain Zamboni, who had his nustress, Anna Maria Cattani, with him, and Lieutenant Rinaldi, Banks was carried into the room to make sport for them.

On Formation Of Islamic Bloc · London, August 19.

British officials believed today that the question of an Islamic bloc would figure prominently in the conferences here between British experts and King Abdullah of Transjordan.

Abdullah is expected to seek British support for such a group, which would include the Arab countries of the Middle East and extend as far as Turkey and Pakistan. He arrived here last night.

The Islamic bloc subject probably will be discussed with the Foreign Secretary, Mr. Ernest Bevin. While strongly favouring closer co-operation of Arab countries in the Middle East, Mr. Bevin was understood to be doubtful as to the practicability of the new plan for Islamic grouping.

Rumours On Devaluation

New York, August 19.
The devaluation of the storling may be forced even before the International Monetary Conference in Washington in September, a Washington despatch to the New York "Journal of Commerce" said today.

This was the opinion of government fiscal and trade experts who were closely following the deteriorating British position the newspaper stated.

In another article, the journal said that New York bankers who have been reluctant to see pressure applied on the British to devalue the pound, have come to the conclusion that the current flood of speculation has made such a cut necessary.

"They emphasise that buyers of goods and raw materials in the sterling area have been postponing purchases until the future price of the pound is securely actermined. They added that this anticipation is talso bindering trade elsewhere, as other countries, planning to devalue their currencles, are awaiting the. British move first".-Reuter.

# VRC Beat Eastern AA To Avenge Previous Defeat

(By KIMBERLEY)

Tony Lopes avenged his previous defeat at the hands of Cheong Kinman at the return VRC-Eastern AA swim gala last night, when he defeated Eastern's pride in the 100 yards back stroke, returning the record equalling time of 68.4 seconds, to regain his title as king of

The back stroke in Hong Kong. VRC also had their revenge. The Victorians, lining the lanes with the clear memory of their sensational defeat of June 18, slashed their way to a one point victory over Eastern—that one point coming in the during the last event-the 4 x 50 yards relay-which saw Eastern A finished after their first leg fumbled at the 25 turn.

VRC's Sonny Monteiro as well, had something special to celebrate. In his first meeting with young Cheong Kin-mun in the 100free, Monteiro clocked a reasonably good time of 57.8 seconds point four of a second ahead of the Chinese youth.

Both towns were equally indianced for last night's long awnited meet. Eastern had the edge on VRC from the beginning until the last event the relay. Tommy Kew, swimming first legfor the Chinese club, kept upace
